BUILDING SOLUTIONS

# Custom Specialty Installations

Whether you're creating the master suite of your dreams or enhancing your laundry room, USI has the knowledge and expertise to help you plan, design and build custom elements that you'll treasure for a lifetime. Our representatives will provide you with a personalized design to meet your home improvement goals.

## Glass Shower Enclosures+ Shower Doors

The popular upscale master suite incorporates the beauty of easy-care glass shower enclosures and frameless glass doors. USI's glass specialists know how to work with glass and create framed and frameless elements out of quality hardware and glass.

With numerous glass options, decorative finishes and hardware choices, frameless shower enclosures create the spa-like aesthetics that everyone raves about. They add elegance and value to any bath. Frameless doors and enclosures are easy to maintain, and each custom shower enclosure we build, whether for a homeowner or builder, speaks for itself.

## Bathroom + Wall Mirrors

Lighten and brighten your home with elegant mirrors made especially for you. Go beyond the ordinary bathroom mirror with creative shapes that add a special touch and bring light into any room — great rooms, dining rooms, rec rooms, bedrooms and more.

Choose mirrors, designed, cut and beveled in custom shapes and sizes. Our services range from production mirrors for multi-family residential and commercial installation to truly custom mirrors that serve as works of art in your home.

## Closet Shelving

Transform your home from good to great with customized closets and shelving. USI offers a range of wood, wire and melamine materials to enhance storage in any area of your home, including the master bedroom, garage, laundry room and kitchen pantry.

Our professional team will work with you to find the style that aligns with your tastes and preferences. Our certified installers are equipped with many years of experience, and we stand by our closet products, which truly are built to last.

**Please contact us for a free design.**

### What Customers Say About USI

*"The quality was excellent. USI responded promptly when I contacted them initially, and they had the best price that I found. I was very comfortable having them in my house."* - Robert

*"USI delivered on time. They were professional. We honestly got good value for what we spent. I would use them again in the future."* - Leigh

*"I've hired a lot of contractors, and the installers from USI were top-notch in their attention to detail, professionalism, cleanliness and perfectionism."* - Aaron

**The USI Difference** represents trust, experience, knowledge and performance, from planning through construction. Excellence in every step of the process ensures timely completion and quality service, time after time.

## The Advantages of an Expert Team.

Specialty installations of closets, shower enclosures and mirrors require a specific set of skills. USI ensures quality throughout the process by providing professional employees who specialize in these types of installations. Their familiarity with the products and designs provides a distinct advantage over other companies. We also take pride in offering the following advantages to our customers.

- 1 Our team is on time.** We take schedules seriously in order to arrive at the agree-upon time.
- 2 Our designers and installers are employees, not subcontractors.** They are invested in doing the job right the first time.
- 3 Our materials are chosen for quality.** USI sources materials from trusted providers of glass, mirrors, hardware and closet components, ensuring lasting beauty and performance.
- 4 We provide excellent follow-up and warranty service.** We do everything possible to meet customers' expectations from start to finish. When an issue arises with an installation, we make it right with the customer.
