

# WINDOWS + DOORS

---

*Choose quality windows and doors  
from top manufacturers, installed by  
the experienced professionals at USI.*

**USI**  
BUILDING SOLUTIONS

## Today's homeowner has many options when it comes to windows and doors.

**Make the right choices with USI at your side.** Our experience and resources enable us to guide you to the materials that best suit your home and budget. With our trusted manufacturers and expert team, we can handle any window or door project, including custom-built homes. Please ask us when you need help with replacement or new windows for your home. There is no charge for an initial consultation and estimate.

### Windows

Whether you are building a new home with complex custom windows or replacing old windows with energy-efficient windows, USI has the experience to guide you to the right quality and style of standard or custom windows.

### Doors

The first thing most people see when they come to your home is the exterior entry door. Improve that first impression with a new door, or find a custom door that's just right for your custom home. USI also assists with patio door and sliding glass wall solutions for optimal beauty, ease of use and durability.

### Commercial Windows, Storefronts + Entryways

To make a great impression with every customer, USI finds solutions to beautify your building's façade, windows, storefront and entryway. With full-service design and installation, we maximize comfort and aesthetics and minimize downtime for your operation.

### Expert Installation + Service

When you work with USI, you can expect efficient installation that comes with years of experience as well as knowledgeable service after your project is completed.

### What Customers Say About USI

*"I can't tell you just how absolutely delighted we are with the function and beauty of the windows. I must say, we also liked the expert installation and the 'walk your talk' customer service."*

- Jan

*"The salesperson from USI was outstanding and provided us with a free estimate, lots of information and no pressure to buy. He came to our home, took measurements, and then we were able to go to their office to look at the various options for windows and hardware."*

- Brian

*"USI's service was very good. They got the work done and took care of me. The quality of the windows is very good and my home is now a lot warmer."*

- HJ

*"We really enjoyed their responsiveness and the personal attention we received from our USI sales guy. They charged us exactly what they said they would. They showed up on time, the guys were friendly, and they cleaned up after themselves."*

- Michelle

**Is it time for new windows and doors?** USI can help you answer this question through a free assessment and estimate. Through careful selection and experienced, professional installation, USI enables you to take advantage of the latest in windows, doors, skylights and more.

**As heating and cooling costs rise,** so does the interest in making homes more energy efficient. USI is here to help. We specialize in quality window and door products and installation in order to optimize the comfort and integrity of your home. We also offer commercial windows and doors for storefronts, including shops, restaurants and offices.

#### Did you know?

- Many utility companies offer rebates to homeowners who replace old windows.
- Impact-resistant windows are required in some hurricane zones.
- If your windows are more than 10 years old, it may be time to upgrade to today's high-tech, energy-efficient options.

#### USI offers a wide range of residential and commercial products:

- *Windows*
- *Entryways and Entry Doors*
- *Patio Doors*
- *Sliding Glass Walls*
- *Skylights*
- *Custom Windows*
- *Custom Doors*
- *Commercial Windows*
- *Storefronts*

#### Quality Manufacturers:

***The USI Difference*** represents trust, experience, knowledge and performance, from planning through construction. Excellence in every step of the process ensures timely completion and quality service, time after time.

With local associates across the U.S., USI works harder and builds smarter. Our team members know the local codes, processes and conditions. Plus, we invest in our teams and share expertise across the miles to perform with efficiency, precision and accountability that is unmatched in this industry.

## **Making energy-efficient home improvements is a great idea.**

New and improved window and insulation products meet today's high standards for building quality. We encourage you to learn more about these products and the tax credits, rebates and other incentives available from the government and local utility companies. Visit [USIinc.com](http://USIinc.com) for a guide to rebates and energy efficiency.

### **Window + Door Installation: What to Expect**

At USI, we value your time and want you to understand the process of estimating, scheduling and inspecting your window project. Expect our teams to keep you informed during all stages of your project, and use the following guide to know how much time to set aside.

#### **Free Estimate**

- Receive a free 1- to 2-hour consultation with a window specialist.
- Receive a written estimate during the consultation or within 48 hours if additional information is required.

#### **Convenient Scheduling**

- Upon your approval, the window specialist will take critical measurements for your custom windows.
- Many of our custom windows take as little as 3-4 weeks to create, while other products take 4-8 weeks. All windows are inspected in our warehouse prior to installation.
- We will arrange an installation date that works for you.

- Typical window installations take about one day. Larger jobs requiring more time will be discussed when custom measurements are taken.
- Our professional installers will lay down floor coverings if necessary and will tidy up after themselves.

#### **Thorough Cleanup & Inspection**

- Expect our professional team to take the necessary extra time to inspect the completed job and job site with you.
- You will receive your window warranty and use and care instructions for your new windows.
- We will not consider your job complete until you are 100% satisfied.
